When you read a new word, the other words around it can help. These nearby words are clues. Use them to figure out what the word means.

PART 1 — READ

Read the passage. Then answer the questions.

The Job of a Firefighter

A firefighter is a brave person who helps keep people safe. When a fire starts, firefighters rush to put it out. They wear thick coats and helmets to protect their bodies. The hot fire cannot reach their skin through this gear.

Firefighters ride in a big red truck. The truck carries long hoses. A hose is a soft tube that water moves through. Firefighters point the hose at the fire. The water flows out fast and stops the flames.

Firefighters do more than fight fires. They also rescue people who are stuck or hurt. They teach kids how to stay safe. A firefighter is a true helper in the community where many people live and work together.
