

Recounting Ideas from a Read-Aloud

Name: _____

Date: _____

Score: _____ / 10

Quick Review

When someone reads a text aloud, listen for the main idea and the details. After listening, you can retell the key ideas in your own words.

PART 1 — READ

Read the passage. Then answer the questions.

To be read aloud by an adult — Busy Bees

Bees are small insects that do a very big job. They live together in a home called a hive. Inside the hive there can be thousands of bees, and they all work as a team.

Bees fly from flower to flower to find a sweet liquid called nectar. They carry the nectar back to the hive. Inside the hive, the bees turn the nectar into honey. Honey is food for the bees, and people like to eat it too.

When bees move from flower to flower, they also carry tiny yellow dust called pollen. Pollen helps flowers and plants make seeds and grow. This is why bees are so important to gardens and farms.

PART 2 — PRACTICE

Ask an adult or older student to read the passage aloud. Then answer the questions without looking at the passage.

1. What is the read-aloud MOSTLY about?
 - A. how to plant a garden
 - B. bees and the work they do
