Name: _____

Quick Review

The central message is the lesson a story teaches. Look at what the main character learns by the end. Use details from the whole story — not just one part — to find it.

PART 1 — READ

Read the passage. Then answer the questions.

The Two Cousins

Mia and Lily were cousins. Mia was very fast. She won every race at school. Lily was slow but careful. She loved to draw and was the best artist in her class.

One Saturday, the cousins entered a contest at the town fair. The winner was the kid who could build the tallest paper tower in five minutes. Mia worked quickly. She slapped pieces together, but her tower kept falling. Lily worked slowly. She folded each piece neatly and tested it before adding the next.

When the timer rang, Mia had a pile of paper on the floor. Lily had a tall, strong tower. Mia hugged her cousin. “I learned something today,” she said. “Fast isn't always best.”

Explanations	
1. B	The story shows Lily winning by working carefully, and Mia learning the lesson at the end.
2. B	Mia states the lesson directly. A and C are true details from the story, but they describe events, not the lesson. D is the opposite of what really happened.
3. B	Mia's failure shows the result of rushing — that supports the moral.
4. B	Paragraph 2 says exactly this — the careful steps that make her win.
5. B	Mia's hug is part of how she shares the lesson she has learned.
6.	Answer: Example: Working carefully is often better than working fast. Accept any answer that captures the “slow and careful beats fast and sloppy” idea.
7. B	Setting up Lily as “slow but careful” foreshadows the moral about careful work.
8. C	The story says fast isn't always best for THIS contest. It does not tell Mia to give up running. The others all fit the lesson the story teaches.
9.	Answer: Example: Her tower kept falling / Lily's tower stood strong / Lily won the contest. Any moment that pushed Mia toward the lesson.
10. B	“Slow and Steady” captures the moral. The other titles describe only one part.
