

Using Ratio Language

Name: _____

Date: _____

Score: _____ / 24

Q Quick Review

Ratio language describes how two amounts compare in words. A **part-to-part** ratio compares one group to another, like “3 cats *for every* 5 dogs.” A **part-to-whole** ratio compares one group to the total, like “3 *out of* 8 pets are cats.” Watch for clue words: *for every*, *to*, *per*, and *out of* all signal a ratio. If a bag has 3 red and 5 blue marbles, the part-to-part ratio is 3 : 5, but the part-to-whole ratio of red to all marbles is 3 : 8, because $3 + 5 = 8$.

◇ **Example:** A team has 7 forwards and 4 defenders. Describe the ratio of defenders to the whole team.

⇒ First, find the whole team. There are 7 forwards and 4 defenders, so the team has $7 + 4 = 11$ players in all. The question asks for defenders *to the whole team*, so that is a part-to-whole ratio: 4 defenders out of 11 players. We write it as 4 : 11. Notice it would not be correct to write 4 : 7 — that would compare defenders to forwards, not to the whole team.

Answer: 4 : 11

PRACTICE

Write each ratio described in words. Use simplest form when possible.

- | | |
|---|--|
| 1. 2 pencils for every 3 pens; pencils to pens _____ | 12. 12 roses and 8 tulips; roses to tulips _____ |
| 2. 5 apples to 4 bananas; apples to bananas _____ | 13. 4 out of 10 books are mysteries; mysteries to total _____ |
| 3. 6 wins and 2 losses; wins to losses _____ | 14. 15 blue and 5 yellow; yellow to blue _____ |
| 4. 3 red and 7 green; red to total _____ | 15. 3 teachers and 27 students; teachers to total _____ |
| 5. 4 cats and 6 dogs; dogs to total _____ | 16. 20 minutes running for every 4 minutes resting; running to resting _____ |
| 6. 8 boys and 12 girls; boys to girls _____ | 17. 14 stickers and 21 stamps; stickers to stamps _____ |
| 7. 5 out of 9 students walk; walkers to total _____ | 18. 6 out of 8 slices eaten; eaten to total _____ |
| 8. 10 stars for every 4 moons; stars to moons _____ | 19. 18 ducks and 24 geese; geese to ducks _____ |
| 9. 9 chairs and 3 tables; tables to chairs _____ | 20. 5 guitars and 15 drums; guitars to total _____ |
| 10. 6 vans and 9 cars; vans to total _____ | |
| 11. 7 markers for every 5 erasers; erasers to markers _____ | |

◆ Word Problems

21. A pet store has 6 hamsters and 9 guinea pigs. Write the ratio of hamsters to guinea pigs in simplest form, and describe it in words. _____
22. In a garden, 4 out of 10 flowers are daisies. Write the part-to-whole ratio of daisies to all flowers in simplest form. _____
23. A snack mix has 8 pretzels and 12 crackers. Write the ratio of crackers to the whole mix in simplest form. _____
24. A choir has 20 singers and 5 musicians. Write the ratio of singers to musicians in simplest form. _____

Answer Keys

| 1. <input type="text" value="2 : 3"/> | 13. <input type="text" value="2 : 5"/> |
| 2. <input type="text" value="5 : 4"/> | 14. <input type="text" value="1 : 3"/> |
| 3. <input type="text" value="3 : 1"/> | 15. <input type="text" value="1 : 10"/> |
| 4. <input type="text" value="3 : 10"/> | 16. <input type="text" value="5 : 1"/> |
| 5. <input type="text" value="3 : 5"/> | 17. <input type="text" value="2 : 3"/> |
| 6. <input type="text" value="2 : 3"/> | 18. <input type="text" value="3 : 4"/> |
| 7. <input type="text" value="5 : 9"/> | 19. <input type="text" value="4 : 3"/> |
| 8. <input type="text" value="5 : 2"/> | 20. <input type="text" value="1 : 4"/> |
| 9. <input type="text" value="1 : 3"/> | 21. <input type="text" value="2 : 3 (2 hamsters for every 3 guinea pigs)"/> |
| 10. <input type="text" value="2 : 5"/> | 22. <input type="text" value="2 : 5"/> |
| 11. <input type="text" value="5 : 7"/> | 23. <input type="text" value="3 : 5"/> |
| 12. <input type="text" value="3 : 2"/> | 24. <input type="text" value="4 : 1"/> |

Step-by-Step Explanations

- | | |
|---|--|
| <p>1. "For every" signals a part-to-part ratio: 2 : 3.</p> <p>2. "To" signals a ratio, written in order as 5 : 4.</p> <p>3. The ratio 6 : 2 simplifies to 3 : 1 by dividing both by 2.</p> <p>4. The total is $3 + 7 = 10$, so red to total is 3 : 10.</p> <p>5. The total is $4 + 6 = 10$, so dogs to total is $6 : 10 = 3 : 5$.</p> <p>6. The ratio 8 : 12 simplifies to 2 : 3 by dividing both by 4.</p> <p>7. "Out of" signals a part-to-whole ratio: 5 : 9.</p> <p>8. The ratio 10 : 4 simplifies to 5 : 2 by dividing both by 2.</p> <p>9. The ratio 3 : 9 simplifies to 1 : 3 by dividing both by 3.</p> <p>10. The total is $6 + 9 = 15$, so vans to total is $6 : 15 = 2 : 5$.</p> <p>11. Erasers come first here, so the ratio is 5 : 7.</p> <p>12. The ratio 12 : 8 simplifies to 3 : 2 by dividing both by 4.</p> <p>13. The ratio 4 : 10 simplifies to 2 : 5 by dividing both by 2.</p> | <p>14. The ratio 5 : 15 simplifies to 1 : 3 by dividing both by 5.</p> <p>15. The total is $3 + 27 = 30$, so teachers to total is $3 : 30 = 1 : 10$.</p> <p>16. The ratio 20 : 4 simplifies to 5 : 1 by dividing both by 4.</p> <p>17. The ratio 14 : 21 simplifies to 2 : 3 by dividing both by 7.</p> <p>18. The ratio 6 : 8 simplifies to 3 : 4 by dividing both by 2.</p> <p>19. The ratio 24 : 18 simplifies to 4 : 3 by dividing both by 6.</p> <p>20. The total is $5 + 15 = 20$, so guitars to total is $5 : 20 = 1 : 4$.</p> <p>21. The ratio is 6 : 9. Both divide by 3, giving 2 : 3 — for every 2 hamsters there are 3 guinea pigs.</p> <p>22. "Out of" tells us this is part-to-whole: 4 : 10. Dividing both by 2 gives 2 : 5.</p> <p>23. The whole mix has $8 + 12 = 20$ pieces. Crackers to whole is $12 : 20$, which simplifies to 3 : 5.</p> <p>24. The ratio is 20 : 5. Both divide by 5, so it simplifies to 4 : 1 — four singers for every musician.</p> |

Want Even More Practice? Check Out Our Other Nevada SBAC Test Books!

Nevada SBAC Grade 6 Math Preparation Bundle

18 full-length practice tests across three books
(5 + 6 + 7)

No repeated questions—maximum practice value!

18 Tests!
3 Books
One Bundle

Important: All our test books contain **unique, completely different tests** from each other! Each book offers fresh practice questions—no repeats!

5 Practice Tests

- ✓ 5 complete practice tests with detailed explanations
- ✓ Perfect foundation for SBAC test preparation
- ✓ Builds confidence and test-taking skills
- ✓ High-quality questions aligned with state standards

Start your practice journey!

6 Practice Tests

- ✓ 6 complete practice tests with detailed explanations
- ✓ **Unique tests**—different from the 5 tests book
- ✓ Perfect for more practice after mastering 5 tests
- ✓ Builds even more confidence and test-taking skills
- ✓ Same high-quality questions aligned with standards

Take your practice to the next level!

7 Practice Tests

- ✓ 7 complete practice tests for maximum preparation
- ✓ **Unique tests**—different from 5 and 6 tests books
- ✓ The most comprehensive practice for Grade 6
- ✓ Ideal for students aiming for top scores
- ✓ Extensive practice builds mastery and confidence

Go all the way with comprehensive practice!
