

Graphing Exponential Functions

TSIA2 Math • Section 11.1

Name: _____	Date: _____	Score: _____ / 12
-------------	-------------	-------------------

Quick Review and Helpful Hints

Exponential models multiply by a constant factor over equal input intervals. Compare the initial value, multiplier, and long-term behavior before deciding what the model means.

▷ **Example:** Evaluate $100(1.05)^2$.

Work: Square the growth factor: $1.05^2 = 1.1025$. Then multiply: $100(1.1025) = 110.25$.

★ **Answer:** 110.25

◆ **Practice Problems**

Solve each problem. Show enough work that another student could follow your thinking.

- | | |
|---|--|
| <p>1. Evaluate 2^x at $x = 5$. _____</p> <p>2. Find the initial value of $y = 4(3)^x$. _____</p> <p>3. Is $y = 7(0.5)^x$ growth or decay? _____</p> <p>4. Find y when $x = 2$ for $y = 5(2)^x$. _____</p> <p>5. Find the horizontal asymptote of $y = 3^x$. _____</p> | <p>6. Describe $y = 2^x + 4$. _____</p> <p>7. Describe $y = 3(2)^x$ compared with $y = 2^x$. _____</p> <p>8. Find y when $x = -1$ for $y = 10(2)^x$. _____</p> <p>9. Which point is on $y = 2^x$: $(3, 8)$ or $(3, 6)$? _____</p> <p>10. Find the multiplier in $y = 6(1.25)^x$. _____</p> |
|---|--|

◆ **Word Problems**

11. A rumor triples each hour from 4 people. Write the model. _____
12. A sample halves every day from 160 grams. Write the model. _____

Answer Keys

- | | |
|---------------|--------------------------|
| 1. 32 | 7. Vertical stretch by 3 |
| 2. 4 | 8. 5 |
| 3. Decay | 9. (3, 8) |
| 4. 20 | 10. 1.25 |
| 5. $y = 0$ | 11. $4 \cdot 3^h$ |
| 6. Shift up 4 | 12. $160(0.5)^d$ |

Step-by-Step Explanations

- Multiply 2 by itself five times and you reach $2^5 = 32$.
- At $x = 0$ the power 3^0 is just 1, so the output starts at the coefficient 4.
- With a base between 0 and 1, each step shaves the value down — so it's decaying.
- First $2^2 = 4$, then multiply by the 5 out front to get 20.
- As x runs negative, 3^x keeps shrinking toward zero but never quite touches the x -axis.
- That +4 tacked on outside lifts every point of the graph up by 4.
- Multiplying the whole thing by 3 triples every output, stretching the graph tall.
- A negative exponent flips it, so $2^{-1} = \frac{1}{2}$, and $10 \times \frac{1}{2} = 5$.
- Check the rule: $2^3 = 8$, so (3, 8) is the one that actually lands on the curve.
- The base is the number doing the repeated multiplying, so here that's 1.25.
- Start with 4 people, and tripling each hour makes 3 the repeated multiplier.
- Begin at 160 grams, and cutting in half daily means multiplying by 0.5 each day.

Want Even More TSIA2 Math Practice?

The Most Comprehensive TSIA2 Math Preparation Bundle

Prep books, workbooks, and full-length practice tests

Complete review, detailed explanations, and realistic test practice

Prep Books
Workbooks
Practice Tests

Important: These TSIA2 Math resources are made for extra practice after the worksheet. Scan the QR code above for the complete TSIA2 Math preparation bundle.

Skill Review

- ✓ Builds number sense, algebra, geometry, and data skills
- ✓ Supports steady review before the TSIA2 test
- ✓ Great for tutoring, homework, and independent practice

Build the foundation.

Test Practice

- ✓ Full-length practice tests for realistic pacing
- ✓ Detailed answer explanations for every question
- ✓ Useful after students finish topic worksheets

Practice with purpose.

Confidence

- ✓ Turns mistakes into targeted review
- ✓ Helps students see progress over time
- ✓ Keeps TSIA2 preparation organized and calm

Move forward prepared.

TSI Math for Beginners

The Ultimate Step-by-Step Guide to Preparing for the TSI Math Test

Written by a top math teacher and aligned with the latest TSIA2 Math test. From fractions and percents to algebra and geometry — explained the easy way.

- ✓ **Complete coverage** of every TSIA2 Math topic — perfect companion to these worksheets
- ✓ **Step-by-step explanations** with worked examples on every topic
- ✓ **QR codes in every chapter** for free video lessons & bonus practice
- ✓ **2 full-length practice tests** with detailed answer keys
- ✓ Perfect for self-study or the classroom
